

## Kintari Foundation

7 local teachers  
10 volunteers  
3 schools and kindergarten  
15 afternoon courses  
1 computer lab, open to public

## English Language

Our main focus is to educate local kids & youth of all ages in English Language. Our classes are not only about learning a proper grammar but contain all different topics and themes which are important in later life of locals. Talented kids from our program are sponsored by Czech families in their future studies.

## New focus and goals

Just last year we have finished rebuilding our kindergarten in near village of Ngolang. Previous building was severely damaged after number of earthquakes. Kids are enable to explore many didactic aid such as books, games, smart cards, posters etc. We educate our kids in English and Bahasa Indonesia.

Computer Class – project which was initiated in cooperation with Singapore branch of HP Inc. This company delivered computers for our class and other aids we can use while education local people about technology.

Tourism – our planned project is aimed to prepare our students for tourism boom which is expected in Lombok very soon.

We are looking for you!

All our activities here in Lombok for whole 13 years of operation are financed from sources from the Czech Republic, from individual sponsors and also Kintari Dance Group. The expenses are still rising hand to hand with extending our projects and services, all this is not connected with business and tourism rise here in Lombok.

**20.000.000 IDR = one month**

**KINTARI.org**

## Volunteers

Whole year the main education program is provided by volunteers from the Czech Republic. Mostly, these are university students or fresh graduates. Our projects and classes at a time need at least 6 volunteers present here in Kuta, Lombok. Optimally it would be 10 volunteers. The only thing which is free for volunteers is transport from and to airport and if they need some medical attention. Unfortunately the foundation doesn't have funds to provide free accommodation and motorbikes. They also cover their food expenses on which we can accommodate discount for dinners and provide free breakfast.

**VOLUNTEERS COVER ALL EXPENSES THEMSELVES.**

Our wish for the future is to get enough funds to cover these expenses for our volunteers. We think that it would be fair to try to cover accommodation, motorbikes and food for people who devote their time to help local kids and youth.

## Sponsors

Dance Group Kintari Czech Republic is the only regular sponsor providing basic sources to run Kintari Foundation here in Lombok. Unfortunately, this source is becoming insufficient. For bigger project we are always trying to find funds through project startups or donating websites.

HP Inc. as a main sponsor of our computer class.

Small sponsors, kids sponsors, former volunteers, Czech families and friends.

## Teachers + talented students

Team Kintari Foundation consists also from 7 local teachers, 2 are taking care of our kindergarten, 2 teach at elementary schools, 2 help with our afternoon classes and courses, and one is in charge of our newly added computer class.

Kintari Foundation already helped a number of students to get their university degree. Other 10 kids is supported by Czech sponsors right now and these sponsorships help them get books, uniforms and transportation to schools.
